GENÈVE AÉROPORT BAGGAGE CAROUSEL CONVEYOR PANES

Production format: 295 mm

Visible format: ~200 mm

Visible format: 1050 mm

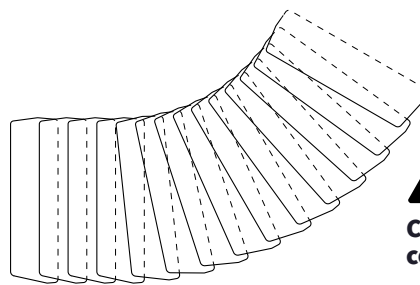

Production format: 1060 mm

The conveyor system is composed of 238 overlapping panes.

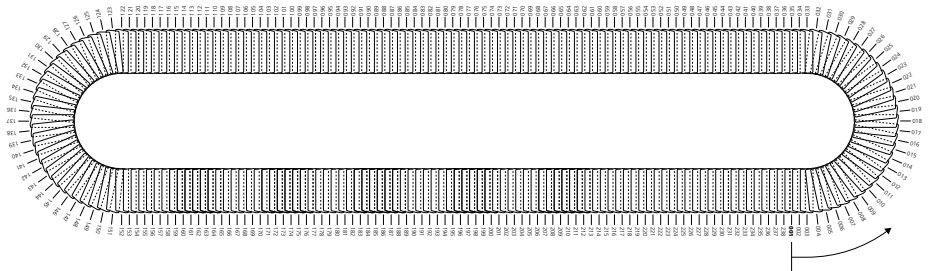

Panes are entirely covered with adhesive, but due to the overlap only the left part (approx. 200 mm) is always visible.

Each pane must be provided individually and named according to the reference numbers found on the assembly plan below.

Download our production kit for more details and templates.

Consider overlapping in conveyor's curved areas

GENÈVE AÉROPORT BAGGAGE CAROUSEL OUTER RING

The outer ring's length is around 53 meters and is produced with 26 main adhesive bands plus 1 extra for connection purpose.

Each sticker must be provided individually and named according to the reference numbers found on the assembly plan below.
